

Stars & Stripes When I Grow Up Camp Camp Spotlight

Aug. 6-10, 2012 1:00-4:30pm

Day \$29 Week \$99

A doctor, a cook, a firefighter, the possibilities are endless! Our campers will be exploring different careers by meeting a few local people who have chosen their careers. Meet the firefighter who puts out the fires in your neighborhood and the dentist who works down the street. These are just a few examples of everyday people working the careers they love! What a great opportunity to let your child explore their dreams while learning and having fun. Bring a bathing suit and towel for water activities on Friday.

Monday: Dentist How many teeth have you lost? Today campers will get to meet a local Dentist who is going to share some exciting things about their career. They will share their story with the campers about how they became a Dentist and what they had to do to get there. They will also have some fun activities for the campers to play as we learn about good dental hygiene. Come join us for a fun filled educational day.

Tuesday: Firefighter A few of our local firefighters will be joining us for an action packed and exciting day. They will show the campers how they get ready when they are called to a fire, complete with the entire fire suit. We are very lucky to have our local firefighters come with a real fire truck, ambulance and children's smoke house. It is sure to be a great time.

Wednesday: Hair Stylist/Salon Worker Maybe one of the most fun jobs around, a few of our local Hair Stylists/Salon Workers will be showing us what it takes to have a career like them. They get to use their creativity and come up with some fun ways to doll people up. Campers will have the opportunity to get their hair done with the latest fashion accessories. Come on over and get glammed up!

Thursday: Veterinarian Meet the kind Veterinarian who helps keep our pets healthy. A local Veterinarian will be sharing so much fun information with us today about their career. They will also have some fun activities for the campers to play as we learn about caring for and loving our furry creatures.

Friday: Cook (Pizza Parlor) What a great way to end the week by hanging out and making pizzas with the talented Cook from the local pizza parlor. Campers will get to put together and design their own pizza box. That pizza box won't stay empty for too long though. The Cook will have the campers each make their own personal pizzas with yummy toppings. This Cook is the coolest pizza maker around, for they will take the pizzas back to the parlor, bake them for us, and bring them back for us to eat. Wow! How cool is that! Don't miss out on a day like this.
