

# Stars & Stripes Imagination Station Camp Spotlight

July 23-27, 2012 1:00-4:30pm

Day \$29 Week \$99

*Imagination Station Camp is all about role playing and using our imaginations. We will use our imaginations to pretend to be the characters we admire and love. Each day will be a new theme to help spark the campers' imagination. We will let our imaginations run wild and free!*

**Monday:** Is your child a character? Do they like to pretend? If so, then Imagination Station Camp is the camp for them! Today they will get to create their own interactive theater, where they will have the chance to role play the characters they develop. They will surely feel like a star, when they create their own Star of Fame!

**Tuesday:** Does your child love music? Do they dance and sing all over the house? Today they will get to sing and dance their sillies away! They will get to create their very own instrument. What better way to end the day than by imagining and creating our very own rock band!

**Wednesday:** Today we are going to imagine that we are traveling to Italy to open our very own restaurant! We will set up the restaurant and create our own menu. The campers will love decorating their own chef's hats. They will take turns imagining and role playing the different characters in the restaurant. The campers are sure to have a grandioso time!

**Thursday:** Does your child like to dress up and parade around the house? Do they like to show off their talents? Today we are going to use our imaginations to create our very own Fashion and Talent Show. We will use our imaginations to create signs to advertise our show. Each camper will receive an award for their work.

**Friday:** We are going to end the week with a beach party! The campers will get to create their very own flower leis. We are going to have a blast playing games at our luau! What better way to end beach day, than playing in our inflatable waterslide!
